

Curriculum Vitae

Maria A. Garcia

Research Associate, Atmospheric Sciences
REU Program Manager (REALM)
University of Utah, 135 S 1460 E, Salt Lake City, Utah 84112
801.792.3277
Mag10@utah.edu

Education

University of Utah, Salt Lake City, UT	Chemical Physics	B.S., 2003
University of Utah, Salt Lake City, UT	Chemical Physics	Ph. D., 2013

Professional Experience (University of Utah, Salt Lake City, UT)

2018 – present Research Associate, Atmospheric Sciences
2013 – 2020 Research Analyst, School of Biological Sciences
2004 – 2013 Research Assistant, Department of Chemistry

Professional Experience – other

1994 – 2009 FedEx Express, Salt Lake City, Utah – Manager Air and Ground Operations
1989 – 1994 FedEx Express, Los Angeles, CA – Manager Air and Ground Operations

Publications

Gannet Hallar, Ian B. McCubbin, Randolph Borys, Douglas H. Lowenthal, Melanie Wetzel, Edward Hindman, Sarah D. Brooks, W. James Steenburgh, Lynne Gratz, Sebastian Hoch, Britton Stephens, John D. Horel, Noah P. Molotch, Gerald G. Mace, Adriana Bailey, Claire Pettersen, Elisabeth Andrews, Dan J. Cziczo, Maria Garcia. Maria A. Garcia and Michael D. Morse, “Electronic spectroscopy and electronic structure of copper acetylide, CuCCH”. *J. Chem. Phys.* A. March 2013.

Maria A. Garcia and Michael D. Morse, "Electronic spectroscopy and electronic structure of diatomic IrSi". *J. Chem. Phys.* **138**, 154306 (2013).

Maria A. Garcia and Michael D. Morse, "Resonant two-photon ionization spectroscopy of jet cooled OsN: 520 - 418 nm", *J. Chem. Phys.* **135**, 114304-12 (2011).

Conferences

63rd Ohio State University International Symposium on Molecular Spectroscopy, June 16-20, 2008,
“Resonant two-photon ionization spectroscopy of jet cooled osmium nitride” (oral presentation) Maria A. Garcia and Michael D. Morse.

SACNAS 2008 National Conference, Salt Lake City, UT, October 9-12, 2008
“Resonant two-photon ionization spectroscopy of jet cooled osmium nitride” (poster)
Maria A. Garcia and Michael D. Morse.

30th International Symposium on Free Radicals, Savonlinna, Finland, July 25-30, 2009
“Resonant two-photon ionization spectroscopy of jet cooled osmium nitride” (poster)
Maria A. Garcia and Michael D. Morse.

MGE@MSA/WAESO Student Research Conference, January 28, 2010
“Resonant two-photon ionization spectroscopy of jet cooled osmium nitride” (poster)
Maria A. Garcia and Michael D. Morse.

57th Annual Western Spectroscopy Association Conference, February 3-5, 2010
“Resonant two-photon ionization spectroscopy of jet cooled osmium nitride” (poster)
Maria A. Garcia and Michael D. Morse.

Awards

University of Utah, College of Science Safety Award – June 2023
Minority Graduate Education @MSA Fellowship, NSF — Fall 2005 – 2012

Synergistic Activities

- Managed the University of Utah CO₂ and CH₄ primary standards for trace gas measurements, directly linked to World Meteorological Organization (WMO) standards.
- Provided technological support for Storm Peak Laboratory, including Linux server administration, installation and maintenance of instrumentation, data acquisition management, and QA/QC of aerosol data.
- Managed recruitment, application development, and website operations; mentored students and developed strategic plans as the program manager for the REALM REU.
- Maintained infrared spectroscopic measurements of atmospheric CO₂ and its stable isotopes ($\delta^{13}\text{C}$ and $\delta^{18}\text{O}$) using a tunable diode laser at Niwot Ridge, Colorado (2013–2016).
- Participated in the WMO/IAEA Round Robin Comparison Experiment for CO₂ mole fraction at the University of Utah (2014, 2022).
